CONNECTING OUR COMMUNITY
THROUGH LIVE MUSIC

PRESENTS | FUNKY TOWN

FEATURING MATT KATSIS, THE PIANO WIZARD & TIMOTHY WOLF & THE HOWLERS

FRIDAY MAY 13TH
DOORS 7PM

Frankston Music Community Network inc. is proud to contribute **Funkytown** to the official program of the inaugural **South Side Festival** -a showcase of Frankston's contemporary Arts, Culture and Heritage scene.

The Funkytown legend.

Frankston has long enjoyed a reputation for a vibrant and sometimes edgy music scene. Frankston's pub corner nightlife attracted all the great touring bands of the day (AC/DC, INXS etc) right through the heady years of Count Down years which lead to the phenomenal rise of the Australian Music scene. That's where the legend of Frankston as the Funkytown begun and The Grand was part of this.

For South Side Festival, FMCN are delighted to present a three-set performance on the night which captures the essence of our diverse and edgy Funkytown:

TIMOTHY WOLF AND THE HOWLERS

Introspective soulful blues with a hint of 'I'm ready to boogie'. Timothy Wolf is the thrilling new kid on the block landing raving Rolling Stone and Triple J reviews. Get on board early, dust off your dancing shoes and introduce yourself to the immersive and boisterous mischief that is Timothy Wolf and The Howlers.

THE PIANO WIZARD

A local boy, a classically trained pianist, Andrew Farrell learned the ropes on our famous Funky town pub corner and became an icon of the festival and pub music scene as **The Piano Wizard**. Always a powerful and engaging performer who is comfortable in genres from classic, jazz, blues to gospel and soul-don't miss the great hits from Elton John, Billy Joel, America, Leonard Cohen and others.

MATT KATSIS

With deep admiration for the Blues, singer-songwriter & guitarist Matt Katsis has continued to introduce his music to audiences for the past decade. Percussive elements of 6 & 9-string acoustic-electrified guitars, harmonica, stomp box/kick drum and tambourine are the recognizable tools of the trade in Matt's live sound.
